ABSTRACT

Included in the directory of special education personnel in state agencies are the names and addresses of chief state school officers, directors of special education and their staff, and the primary administrators of state-federal programs for handicapped children. Lists are provided for all 50 states and seven protectorates or specified areas. (JM)

Edwin W. Martin, Acting Associate Commissioner

January 1970

F O R E W O R D

This Directory has been prepared by the Bureau of Education for the Handicapped to help facilitate communication with State officials responsible for administering programs for handicapped children. Special education is one of the most diverse fields of human endeavor. To be successful, multifaceted programs for handicapped must utilize both physical and human resources from many related fields. The explosion of knowledge and advancement of technology in many respects has only amplified problems faced by those working with handicapped children. Special education is still in its infancy and, like most infants, has grown rapidly at the expense of coordination. It is hoped that this Directory will aid and encourage coordination as well as communication among friends of the handicapped who strive to help them take their rightful places in society.

Edwin W. Martin
Acting Associate Commissioner
Bureau of Education for the Handicapped
U. S. Office of Education

Charlotte Amalie
St. Thomas, Virgin Islands 00801

HOW TO USE THIS DIRECTORY

The Office of Education has published a Directory of this type for some time. To reflect the growing State-Federal partnership in special education which has evolved in recent years, a different and, we trust, more convenient format has been adopted.

States and outlying areas are presented in alphabetical order. State administrators with primary responsibility for the five State-Federal programs for handicapped children included appear in the right-hand column on each page of the Directory. These programs supplement the State's own basic provisions for handicapped children which are represented by the officials listed in the left-hand column of each page.

TITLE VI-A, ESEA
PRESCHOOL AND SCHOOL PROGRAMS FOR THE HANDICAPPED

Provides grants to States to assist them in the initiation, expansion, and improvement of educational and related services for handicapped children at the preschool, elementary, and secondary education levels.

P.L. 89-313 AMENDMENT TO TITLE I, ESEA
STATE OPERATED AND SUPPORTED SCHOOLS FOR HANDICAPPED CHILDREN

Provides grants to States to assist them in the education of handicapped children in State operated and State supported schools for the handicapped.

P.L. 85-926
PREPARATION OF PROFESSIONAL PERSONNEL IN THE EDUCATION OF HANDICAPPED CHILDREN

Grants are made to State educational agencies, colleges, and universities to help them encourage promising persons to prepare or to improve their competencies for positions in the education of handicapped children.

TITLE III, ESEA
SUPPLEMENTARY EDUCATIONAL CENTERS AND SERVICES

A program for making grants for supplementary educational centers and services, to stimulate and assist in the provision of vitally needed educational services not available in sufficient quantity or quality, and to stimulate and assist in the development and establishment of exemplary elementary and secondary school educational programs to serve as models for regular school programs.

P.L. 90-576
THE VOCATIONAL EDUCATION AMENDMENTS OF 1968

Grants are made to States to implement existing vocational-technical education and to develop new programs for youths and adults designed to provide opportunities for gainful employment in recognized occupations not generally considered professional or requiring a baccalaureate degree.
